APPOINTMENT

Luis Becerra appointed Regional Director of SPIE ICS SA for the Romandy region of Switzerland and joined SPIE Switzerland Ltd's Executive Committee

Zurich, June 29th, 2018 – *The Swiss digital services (ICT) provider SPIE ICS SA, a subsidiary of SPIE Switzerland Ltd., - announces the appointment of Luis Becerra as Regional Director for the Romandy region of Switzerland. This appointment will be effective as of 1 August 2018. He will also become a member of the SPIE Switzerland Ltd's . Executive Committee.*

Born in 1969, Luis Becerra's career began at Technicom SA, a CAD software development start-up. He then went on to manage the information systems department at Martigny Regional Hospital, holding this post for several years. From 2000 to 2006 he was an international projects director in the pharmaceutical industry, at Novartis Corp., and completed his academic studies in 2004 by gaining a Master's degree in information strategy in New York.

In 2006 he joined Veltigroup, where, for around 10 years, he held a succession of key posts, including Managing Consultant, Managing Partner and also Head of digital transformation. From June 2016, in the wake of Veltigroup's incorporation into Swisscom Enterprise, he mentored commercial clients implementing digital initiatives.

Luis Becerra will assume his new post of Regional Director of SPIE ICS SA for the Romandy region of Switzerland from 1 August 2018. He will be responsible for developing SPIE ICS SA's strategic business units in the region, closely monitoring clients' current and future needs. He will also become a member of the SPIE Switzerland Ltd.'s Executive Committee.

"With his breadth of experience in the ICT field, Luis Becerra is the ideal person to promote our development in the Romandy region", explains Pierre Savoy, CEO of SPIE Switzerland Ltd. "I am sure he will strengthen our regional presence and build an ever-closer relationship with our clients, thereby successfully implementing our strategy aimed at consolidating SPIE's position in the Swiss market", adds Pierre Savoy.

About SPIE Switzerland Ltd

SPIE Switzerland, a subsidiary of the SPIE group, the independent European leader in multi-technical services in the areas of energy and communications, is a Swiss provider of ICT, multi-technical and facility services. The divisions SPIE ICS (Information & Communication Services), SPIE MTS (Multi-Technical Services) and SPIE IFS (Integral Facility Services) provide solutions in the areas of 'Smart Cities', 'Energy', 'e-efficient buildings' and 'Industry Services', from 13 locations across Switzerland.

All business units benefit from staff with proven experience in consultancy, implementation, and maintaining custom and complex solutions. This includes secure data and communication technologies, conventional and renewable energy, and smart home automation solutions, for almost all branches and industries.

Through the Getronics Workspace Alliance, SPIE Switzerland is globally networked and well placed to provide a full range of services, even to major international clients. These services are enhanced by an efficient service centre with 24/7 availability in four languages.

With more than 46,500 employees and a strong local presence, SPIE achieved in 2017 consolidated revenues of €6.1 billion and consolidated EBITA of €388 million.
