

DIGITAL MEETING SPACES BY SPIE MANAGED SERVICE FOR YOUR MEETINGS

"The future office is here ...
and it's hybrid. Now is the time
to optimize your collaboration
solutions"

Andres Gees
Head of Biz
Dev UCC & CC

Digital Meeting Spaces (DMS) from SPIE is a Managed Service for your digital communication. Modernize your customer meeting and conference rooms and make them fit for the digital age. Our unique combination of cloud-based, first-class communication technology, and professional operation guarantees you a consistent always-on digital experience.

At the heart of our solution is Microsoft Teams, which is already in use worldwide as part of Microsoft 365 and can be used by any employee within a very short time.

TAILORED TO YOUR REQUIREMENTS

The DMS service offers you a needs-based, ready-to-use video conference environment with little to no effort required from a user point of view. The

technology selected is vendor certified (in this case Microsoft) and selected by SPIE after evaluation and customer feedback.

Experienced SPIE Solution Architects tailor our proven and standardized solutions (small – medium and large space packages) to your exact technical needs.

WHY CHOOSING SPIE ICS

Our values (performance, proximity and responsibility) and our extensive portfolio of solutions and established processes make us the ideal partner for small, medium-sized and large companies.

We are one of the few providers in Switzerland that can offer you first-class global and local geographical coverage.

Our services are based on industry best practices, current certifications and modern process-oriented methodology.

Together with our trusted partners, we are the perfect match to choose for your current and future IT projects.

BEST USER EXPERIENCE

Forget tangled cords everywhere. Enjoy an intuitive handling and premium audio and video meetings.

INCREASE USAGE SATISFACTION

Increase employee productivity, allow them to work from everywhere, collaborate effectively and increase satisfaction for remote participants.

NEXT GENERATION MEETING ROUTINE

Benefit from an intuitive, proven and easy-to-use handling in every room. Apply a holistic hybrid meeting user experience before, during and after the meeting.

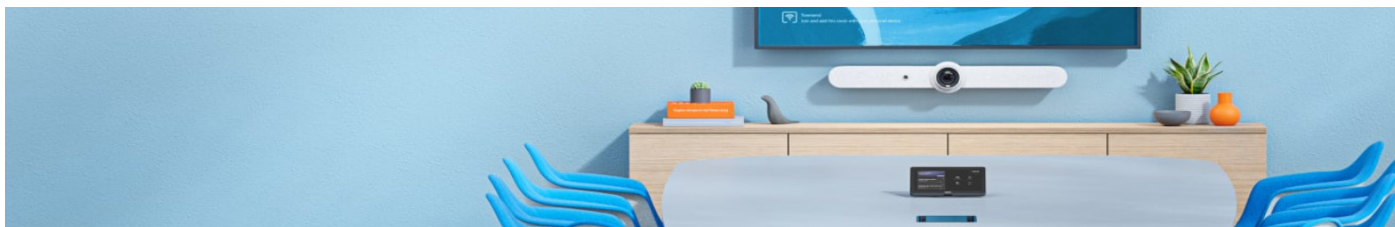

TOTAL COST OF OWNERSHIP (TCO)

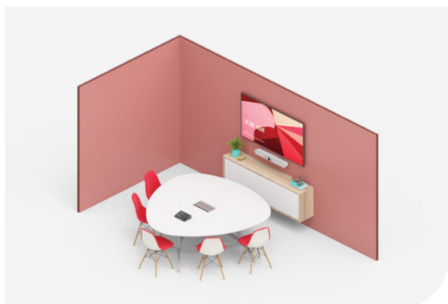

While completely operated as a managed service with SLA's the service remains scalable, innovative and offers latest technology.

logitech

 **Microsoft Teams**

- Suitable for 8-16 people
- Desk or desks with 8-16 seats
- Standing desk for 4-8 people

TYPICAL USE CASES

SPIE Digital Meeting Spaces were developed with the Microsoft Teams Rooms service as the underlying video conferencing software platform.

- ✓ Ad-hoc meeting - with additional participants – ad-hoc space
- ✓ Regular meeting – with additional ad-hoc participants – reserved space
- ✓ Ad-Hoc meeting – Ad-hoc space
- ✓ Shared Desk / personal space
- ✓ Interoperability (Cisco WebEx mit Teams Meetings)
- ✓ Large Space meeting, regular participants, interactive with external (outside organization) participants
- ✓ White Board App for Hybrid Collaboration
- ✓ Magic Board – Integration of a physical whiteboard thanks to Logitech Scribe and their "ghosting" technology

TOP OF THE NOTCH UPGRADE WITH LOGITECH SCRIBE

Designed for whiteboard sharing in the modern workplace. Scribe delivers content to whiteboards in Microsoft Teams meetings with outstanding clarity - from and into every space.

OUR SERVICE COVERS ALL YOUR BUSINESS NEEDS

WORK FROM EVERYWHERE

Joining meetings appears to be as simple as making a phone call. Only that in a hybrid setup one or multiple meeting rooms join a conference with individual remote participants.

DISCOVER OR ADDING IS EASY

Fully automated meeting room search function on your office premises supporting ad-hoc meetings.

NO ADDITIONAL LICENSES AND/OR EQUIPMENT COSTS

The client is enabling meetings, to make calls, seamlessly to share content - all from an intuitive application, cables or Clickshare to connect laptops becomes obsolete.

THIRD-PARTY MEETINGS ARE POSSIBLE

Cisco Webex Video Integration for Microsoft Teams provided by SPIE enables customers to connect to Digital Meeting Spaces without an additional interoperability solution.

INVESTMENT PROTECTION

Our service supports integrating of already existing equipment in existing meeting such as whiteboards, flipcharts, or video beamer into the digital meeting room experience.
